Club Mentor's Role

Purpose of the Role:	To manage the mentoring process in the club. This enables the transfer of knowledge, encourages new members to stay and to achieve their goals. Update the mentor register and promote the benefits of mentoring at club meetings. Maintain contact with mentors and mentees to encourage them to work together.
Accountability:	Keeping the mentor register up to date Organise mentoring sessions
Recent Achievements	A greater awareness has been created of the benefits of mentors through an education slot and a 'mentoring moments' session.
Measures of Success	From how many people have used their mentors and the benefits they feel that has brought. Member retention
Benefits to the Role Holder	Being able to promote the benefits of mentoring and seeing people gain from connecting. Thought more about using a mentor for my competition work – in and out of the club.
Skills, behaviours and level of commitment	A passion for learning, keeping the website up-to-date and speaking personally to members. It does not require the same level of commitment as some of the Committee roles
Potential Changes	More detail about mentoring available through the website. Better induction of new members to the benefits of the mentor system. More mentoring sessions in the programme
Commitment to new role holder	Current role holder will mentor them through it!!
